

# Map List

1	Future potential for wetlands (indicative map) . . . . .
2	Theoretical historic extent of wetlands (indicative map) . . . . .
3	Map of major drainage activity on agricultural land 1971-80 . . . . .
4	The potential impact of coastal and tidal pressures on the delivery of future freshwater wetlands . . . . .
5	Current extent of wetlands (indicative map) . . . . .
6	Historic environment wetland priority areas . . . . .
7	The contribution of biodiversity and historic environment priority layers to the final 'future wetlands' map . . . . .
8	Local vision map . . . . .
9a	Winter water availability . . . . .
9b	Groundwater availability . . . . .
10a	River water quality 2000-2005 (biological assessment) . . . . .
10b/10c	River water quality 2000-2005 (nitrate and phosphate assessment) . . . . .
11	The extent of low lying land in England . . . . .
12	New growth points in England . . . . .
13	Airport zones . . . . .
14	Current extent of fen habitat by NVC groupings . . . . .
15	Wetland Vision potential for the restoration of poor fen in sumps and hollows for England . . . . .
16	Wetland Vision map of the potential for Base-poor ground water dependent fen habitat creation for England . . . . .
17	Wetland Vision map of the potential for Base-rich ground water dependent fen habitat creation for England . . . . .
18	Wetland Vision of the potential for floodplain and eutrophic fens for England . . . . .
19	Wetland Vision map of the potential for coastal and floodplain grazing marsh habitat creation for England . . . . .
20	Wetland Vision map of action for ponds for England . . . . .
21	Wetland Vision map for the types of pond action needed on the ground for England . . . . .
22	Wetland Vision map for pond action in less intensively managed parts of England . . . . .
23	Wetland Vision map of the potential for wet woodland habitat creation for England . . . . .
24	Wetland Vision map of the potential for reedbed habitat creation for England . . . . .
25	Wetland Vision map for lowland raised bog restoration for England . . . . .
26	Wetland Vision map for blanket bog restoration for England . . . . .
27	Wetland Vision map of action for lakes for England . . . . .
28	Wetland Vision map of action for biodiverse canals for England . . . . .
29	Wetland Vision map of the potential for purple moor grass and rush pasture habitat creation for England . . . . .
30	Wetland Vision map for wetland delivery through mineral extraction after-use for England . . . . .
